

515.111(a)(1) Contract Provisions and Requirements

Practice Implementation	<p>-The participant is required to complete or start at least one financially assisted practice within the first 12 months following contract approval. The purchase of materials does NOT constitute starting a practice. Designated Conservationists may waive this requirement at the written request of the producer if extenuating circumstances warrant (Designated Conservationists shall document their decision in the producer's contract file.</p> <p>-No practices will be scheduled in the tenth year of an EQIP contract.</p>
